EXPERIENCE

KinAptic | Seattle, WA
Design Consultant
Feb. 2021 - Present
• Lead product and brand design for medical device company in seed stage
• UX/UI for medical app currently seeking regulatory approval
• Lead branding and pitch design including company brand guidlines + narrative development for investor/partner pitch

Barn2Door | Seattle, WA
Design Intern
Feb. 2021 - Present
• Built websites with 30+ different clients
• Created branded assets and email champaigns for 60+ clients

Industrial Alchemy | North Bend, WA
Industrial Design Intern + Web-developer
April 2019 - Oct. 2019
• Designed Soft + Hard-good products for Eddie Bauer luggage and Vertx travel
• Created manufacturing assets for a wide variety of both soft and hard-goods
• Design, development, and implementation of a new Industrial Alchemy website — opened a new channel of client acquisition and tangibly elevated brand credibility

The Repair Cycle | Seattle, WA
Co-Founder and Designer
April 2019 - Present
• Designing to catalyze change in our community through interactive and educational repair experiences (all from our custom built bike trailer!)
• Funded by UW sustainability fund, Mactez Stipend, and other generous organizations.
