DAVID DUYKER

Senior Product Designer

Seattle, Washington • 206.953.1178 • dduyker@gmail.com   **davidduyker.com**

SUMMARY

Strategic senior product designer who crafts complex challenges into elegant, user-centered solutions. Known for scaling design systems, rallying cross-functional teams around a shared vision and shipping products that users rave about.

EXPERIENCE

2023 – Now

Senior Product Designer
USCIS Refugee and Asylum Directorate — Global (Contract with AOI), Remote

- Spearheaded design and product vision across teams working on security and special projects for next-gen software services supporting US humanitarian immigration services
- Led design, and user research for product-integrating world-leading intelligence data into critical immigration software through iterative prototyping in Figma and lean experimentation within the agency's rapid-deployment software innovation team

2021 – 2023

Senior Product Designer (Promoted to Senior in January 2022)
nZero, Remote

- Led core product design overhaul for innovative carbon accounting software, resulting in a 200% increase in user engagement across both government and corporate client segments
- Designed product-defining features that drove 80% of all user engagement
- Founded the nZero design system by driving a design & developer cooperative initiative that reached nearly 100% design system adoption for prime components across 3 products

2021

Digital Designer (Web & Brand)
Barn2Door, Seattle, WA (Contract)

- Launched 30+ e-commerce websites for small and medium-sized agriculture D2C business
- Developed branded marketing materials and assets for 50+ delighted business clients

2017 – 2021

Freelance Digital & Industrial Product Design
Various Clients — Eddie Bauer, Patagonia, Kinaptic, Industrial Alchemy, San Juan Citizens Alliance, Dodrill Insurance, Northeastern University

- Led design and development (HTML, CSS, & JS) for websites with major launches in 2017, 2019, & 2021
- Designed and prototyped the hardware on Eddie Bauer's award-winning luggage and an exceptionally highly rated travel kit bag for Vertx (2019)
- Led design for medical & home treatment device app from Figma through dev handoff
- Drove decision-making and developed product strategy as a design consultant
